

## **PRESS-NOTE**

National Institute of Pharmaceutical Education and Research (NIPER), SAS Nagar in collaboration with Society for Pharmaceutical Dissolution Science (SPDS) and Sotax organized a one-day conference

**“New Frontiers in Dissolution Science and Applications”**

December 6, 2017

National Institute of Pharmaceutical Education and Research (NIPER), SAS Nagar in collaboration with Society for Pharmaceutical Dissolution Science (SPDS) and Sotax organized a one-day conference entitled “New Frontiers in Dissolution Science and Applications” on December 6, 2017 at the Convention Centre, NIPER, Mohali. The event initiated with the inaugural addresses by the Programme Chair, Professor Arvind Kumar Bansal, Chief Patron and Director of NIPER, Dr. Raghuram Rao Akkinapally and SPDS North Chapter President Professor Bhupinder Singh Bhoop. Global leader in the dissolution sciences Dr. Vinod Shah

(former Senior Research Scientist at FDA) was the lead speaker. International experts (Mr. Vijay Kshirsagar and Mr. Michel Magnier) and expert from academia (Dr. Mala Menon) were other prominent speakers. The speakers made deliberations regarding various critical regulatory and practical aspects of dissolution testing and its impact on industry.

Various important announcements were also made during the event including the proposal for establishment of a Center for Excellence for Dissolution Testing and future constitution of SPDS. More than 80 delegates from industry, regulatory and academia were part of the event. Dissolution is extremely important in oral solids due to implications in quality and impact on absorption. This field has been developing at a rapid pace and the event shall provide a unique opportunity to learn the latest developments. The program ended with the concluding remarks by Dr. L. Ramaswamy, General Secretary, SPDS and kind felicitations.
