Kind attention of CSR and PhD/Masters students

Institute acknowledges the receipt of various mails from students. Appropriate action is being initiated in right earnest. But due to institute working with 50% staff capacity and in absence of physical meetings, some delay in decision making is happening and the students must bear with the institute in such extraordinary circumstances. They shall be assured that all decisions are being taken in best of their interest. Students are also requested to desist using bad language in their mails.
