

“Guidelines for all the Masters and PhD students on Campus, to go out of station for more than 24 hours”

1. A student will be allowed to leave NIPER Campus for medical emergency/ emergent situation only.
2. The students going out locally for less than 24 hours, should submit their application to their respective Department, wherein the HoD may allow, once satisfied with emergent situation/medical emergency. The Departmental outgoing slips will be submitted at the main gate, after approval of the Guide/HoD and there will be no role of the Wardens in this.
3. The students going out for more than 24 hours but less than 72 hours (03 days), are required to submit the written request to their respective warden, along with documentary proof (if any) of the emergency for which he/she should be allowed. The students are required to submit the duly filled and signed outgoing slip along with written consent from parents and research guide and/or HoD. No approval will be given on email in this regard.

The students should reach before 72 hours to the Campus and are required to carry COVID-19 negative test report/give their sample immediately on return to NIPER. The students are required to self-isolate/quarantine in their respective hostel room, till negative test report is received. They must submit the test report immediately to Associate Dean (Student Affairs) and Chief Warden through email.

4. The students going out of station for more than 72 hours (03 days), are required to submit the written request to the respective warden, along with documentary proof (if any) of the emergency for which he/she should be allowed. The students are required to submit the duly filled and signed outgoing slip along with written consent from parents (and contact details) and research guide and/or HoD. No approval will be given on email in this regard.

The students are required to submit RT-PCR Negative test report not later than 72 hours at the main gate upon their arrival and should quarantine themselves for 01 week in the Trainee Hostel on payment basis, directly under the supervision of their Research Guide and/or HoD. Administration will be requested to depute security guard at Trainee hostel for strict compliance of quarantine. On 6th Day of their quarantine period, the student is required to undergo RT-PCR test again and submit the report to their respective guide and/or HoD.
