One Day Research Facility Training Programme “*Tools and Techniques in Protein Science*” under Scientific Social Responsibility policy of SERB (Science and Engineering Research Board)

One day Research facility training programme for Ph.D. students was organized under Scientific Social Responsibility (SSR) policy of Science and Engineering Research Board (SERB) at the Dept. of Biotechnology, NIPER, SAS Nagar. Applications were invited from current Ph.D. students of different colleges of the tri-city and nearby areas and ten students were shortlisted based on their experience and exposure to the sophisticated equipment. The students were given exposure / training on all basic tools of biochemistry, including 1D and 2D gel electrophoresis, immunoblotting, imaging, FACS, DLS, spectrophotometry, spectrofluorimetry, fluorescence microscopy, high throughput screening, etc. At the end of the day, a quiz was organized to assess their gain in knowledge with the training. The winners of the quiz were awarded with the prizes and certificates. Certificate were also awarded for participation.
